OBJECTIVE

Detail-oriented Computer Science Engineering graduate with a strong focus on cyber security, network security, and vulnerability analysis. Hands-on experience through academic projects involving packet analysis, network traffic monitoring, and basic security assessments. Seeking an entry-level cybersecurity role to apply security knowledge and develop practical skills in protecting systems and networks.

TECHNICAL SKILLS

Programming Languages	:Python
Databases	:MySQL
Development Tools	:Git, GitHub, VS Code, MS Office
Cybersecurity Network tools	:Nmap, Burp Suite, Cisco Packet Tracer, Kali Linux
Operating systems	:Windows, Linux
Soft Skills	:Team Collaboration, Communication, Leadership, Critical Thinking

EDUCATION

Sri Venkateswara College of Engineering and Technology, Chittoor 2022-2026*
B.Tech - CSE (Cyber Security)
CGPA - 7.70

Sri Chaitanya Junior College, Kurnool 2020 - 2022
Intermediate - MPC
Percentage - 83

INTERNSHIP EXPERIENCE

Cybersecurity Intern - ExcelR JUN - JUL, 2024

- Completed a 2-month online cybersecurity internship covering network security and vulnerability assessment.

PROJECTS

AI-Based Web Application Vulnerability Scanner

- Developed a security-focused tool to detect common web vulnerabilities such as SQL Injection and Cross-Site Scripting (XSS).
- Implemented automated scanning logic to analyze 10+ web inputs and identify potential security weaknesses..
- Generated automated reports summarizing detected vulnerabilities and risk levels for tested web inputs.

Password Strength Analyzer

- Built a password strength analyzer evaluating 4 security factors (length, uppercase, numbers, symbols).
- Designed an interactive interface providing real-time password strength feedback and security recommendations.

ACHIEVEMENTS

- Activities**
 - Participated in National Service Scheme (NSS) community service activities.
 - Collaborated in a 24-hour SVCET hackathon as part of a 5-member team to develop a technical prototype.

CERTIFICATES

- Programming Concepts in Python — Infosys Springboard
- Linux Administration — L&T EduTech
- Secure Networking — L&T EduTech
